## NORWICH HAS SIX GAMES, ONE PENDING

Will Open 1922 Football Season With Dartmouth College on Sept. 30.

Northfield, Jan. 5.—Manager Northrop and graduate Manager Barber have arranged the following schedule for the 1922 football season at Norwich university, with an opening on Nov. 18, which will probably be taken by Boston university or Trinity. A two-year agreement has been made with Hampshire State college and Clarkson Tech. Norwich goes to Durham next season while New Hampshire plays a return game at Northfield the following year. The Clarkson games are both at Northfield and come immediately before the University of Vermont game which is the final game of the Vermont state championship series.

Sept. 30, Dartmouth at Hanover.  
Oct. 7, New Hampshire at Durham.  
Oct. 14, University of Maine at Orono.  
Oct. 28, Middlebury at Northfield.  
Nov. 4, Clarkson Tech. at Northfield.  
Nov. 11, University of Vermont at Burlington.  
Nov. 18, open.

## NORWICH MARKSMEN WIN. Are Leading in Three Out of Four Competitions Thus Far Held.

The Norwich university rifle team, which has for the past two seasons won the intercollegiate championship in the N. R. A. matches started in right on the 1922 season by taking the lead in three out of the four preliminary matches of the N. R. A. schedule. The preliminary matches are open to civilians, colleges and high school teams and the prone match has 25 entries—ten of which are college teams. At the end of the first week, Sheridan Rifle club of Sheridan, Wyo., led the list with a possible team score of 360, while Iowa State and Norwich were tied for second honors with 497 each.

The Norwich team leads in the kneeling, sitting and off-hand matches at the present time, with a good margin in each case. The team total for the kneeling match was 464. The preliminary matches are open to civilians, colleges and high school teams and the prone match has 25 entries—ten of which are college teams. At the end of the first week, Sheridan Rifle club of Sheridan, Wyo., led the list with a possible team score of 360, while Iowa State and Norwich were tied for second honors with 497 each.

The stronghold of the 1921 team was the off-hand shooting and won the championship in the last two matches for Norwich. The first match this year is three points lower than last year's lowest mark but at that, gives an 11-point lead over Columbia university, who is in second place with a score of 413. Georgetown is in third place with a total of 492.

Other colleges that are entered in the several matches are: University of Pennsylvania, Yale, Dartmouth, Rutgers, DePaul, Syracuse and Columbia (two teams).

## TELEPHONE CO. SOLD.

M. H. Gleason of Wardsboro Buys Melendy Business.

Brattleboro, Jan. 5.—The Melendy Telephone company of South Londonderry has been purchased by Martin H. Gleason of Wardsboro, formerly of Brattleboro, a son of John E. Gleason and a lieutenant in the World war.

It is expected that the headquarters will remain in South Londonderry. The business was established in 1900 by J. W. Melendy and his son, Emmery A. Melendy. The latter has conducted the business since his father's death several years ago.

The company's lines extend through the northwestern part of Windham county and into adjoining counties, and the number of subscribers is between 300 and 600.

## STATE POULTRY SHOW.

At St. Albans, Jan. 10-13, Promises to Be a Hummer.

The Vermont State Poultry association has always had the reputation of having not only the largest, poultry show of the state, but one of the largest and best in northern New England, and the twenty-fifth exhibition to be held in St. Albans January 10 to 13, inclusive, bids fair to be no exception. Besides the regular prizes, over \$700 in cash special and silver cups are offered.

The state meets of the Rhode Island Red and Buff Wyandotte clubs will be held here. Business meetings of these clubs will be held Thursday, Jan. 12. Cash prizes will be paid to boys' and girls' clubs. No entry fee is charged. There will be a judging contest Wednesday afternoon, Jan. 11.

The extension service of the University of Vermont will have a large display featuring the latest and most improved method in poultry keeping in charge of Prof. A. D. Leggett, assistant poultry husbandman. The class in poultry culture is expected to be the present one of the days of the show.

There will be lectures and demonstrations during the evenings.

The Central Vermont Railway has granted convention rates over its entire system.

## Others Relieved—Why Not You?

Catarrh Does Harm—Get Rid of It. Catarrh of the nose or throat when it becomes chronic weakens the digestive organs, deranges the circulation, impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are purely vegetable, gentle, thorough—adv.

## GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused By Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quart glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion—adv.

## NEWSPAPER MAN KIDNAPPED

London Times Correspondent in Treaty Conference Taken By Three Men

## FELLOW-WORKERS DEMAND RELEASE

There Has Been No Explanation of His Seizure

Dublin, Jan. 5 (By the Associated Press).—A. B. Kay, correspondent for the London Times, was kidnapped last night by three armed men while with other newspapermen in a grocery shop. There has been no word of him since his disappearance, and no explanation of his seizure.

The correspondents attending this morning's session of the Dail Eireann demanded his immediate release and the punishment of his kidnappers.

Before the Dail met with the correspondents here formulated a protest to the Dail authorities against the kidnapping. The American and Irish correspondents joined the English newspapermen in signing the protest.

After adjournment of the Dail had been moved Desmond Fitzgerald rose to read the press protest against the kidnapping, but was overruled by the speaker, who declared the adjournment motion had been carried.

Michael Collins told the correspondents later he had sent two of his best men to Cork to rescue Kay, and that the kidnappers would be severely punished. He expressed the opinion that the Cork men were responsible for the kidnapping.

Kay's friends pointed to an article he wrote recently from Cork, saying that some of the leading fighting men of that city favored ratification of the Irish treaty, as a possible reason for his abduction. They said he was warned at that time to leave Cork on the threat that he be "put in a vault with corpses and a candle."

They were of the opinion he had been taken to Cork and that he might be returned here to-day. It was declared later that the kidnapping occurred during the afternoon and that it had been expected Kay would be returned by night, but that the night and the greater part of this afternoon had gone by without his reappearance.

Kay and five other English newspapermen, were in the grocery, his companions said, when three armed men entered, presented revolvers and carried Kay off.

They promised Kay's companions the latter declared, to bring him back unharmed in the evening, warning them to say nothing in the mean while.

## LOUD JURY SPENT DAY VIEWING SCENE

Where Patrolman James A. Preston Was Slain Last April.

Cambridge, Mass., Jan. 4.—The jury which will try Clarence W. Loud, charged with the murder of Patrolman James A. Preston at Wakefield last April, spent most of the day in the vicinity of the place where the officer was killed. Their view of the ground was made without the presence of the defendant who waived his right to accompany the jury.

## RESPONDENT DISCHARGED

When State's Attorney Failed to Make Out Case.

White River Junction, Jan. 5.—The first case to be tried by jury in Windor county court under the new preliminary law was that of Floyd Barrett of Springfield, at Woodstock last Thursday.

A respondent was charged with possession of intoxicating liquor, which was seized at Springfield by local officers and taken from a trunk in a bedroom of the respondent's building, which was occupied by the respondent. The jury was empaneled at 9 o'clock last Thursday morning and the state rested its case at noon on that day.

The respondent's attorneys moved for a direct verdict of acquittal from the court on the ground, first that the state had failed to prove that the liquor was intoxicating; second, that the state had failed to prove that the respondent was taken from the possession of the respondent, and third, that the state had failed to prove that if it was intoxicating that it belonged to the respondent, and that it was liquor placed in the respondent's building prior to Jan. 16, 1920.

These legal questions were argued before the court until 3 o'clock in the afternoon, at which time the state's attorney moved the case, the jury were discharged and the case against the respondent was dropped.

State's Attorney G. C. Howland appeared for the state and H. G. Tupper and Raymond Trainor appeared for the respondent.

The case of Lorenzo Boccia vs. Boston & Maine railroad has been settled. The amount received by Mr. Boccia has not been made public, but an interesting fact developed from the settlement. The town of Hartford has been supporting Mr. Boccia and his family since the date when he was injured at West Lebanon by a pole falling on him in the railroad yards. Upon receipt of his money from the railroad in settlement of this case, Mr. Boccia fully reimbursed the town of Hartford for all moneys it had expended for him and his family.

Raymond Trainor appeared for the plaintiff and John G. Sargent of Ludlow for the defendant.

## THE WEST CORINTH MAIL.

Postmaster C. L. Speare Makes an Explanation.

Editor, Barre Times: In your valued paper under date of the 29th ult., your Corinth correspondent had a very caustic article regarding the department's change in the mail carrier's schedule from West Corinth to Bradford, which showed either a malicious design or decided lack of knowledge of the facts and conditions. I believe the fourth assistant postmaster general had the facts before him, when the change was ordered, and I firmly believe all postmasters or other interested parties on the route are perfectly willing to cater to the best interests of the service.

Here are the facts: The old schedule which was changed is before me and reads: Leave West Corinth daily, except Sunday, at 5:45 a. m.; arrive in Bradford by 9:30 a. m.; leave Bradford, daily except Sunday, on receipt of mail from train due about 9:04 p. m., but not later than 4 p. m.; arrive in West Corinth in three and three-fourths hours.

The present schedule is changed in its last half to read: Leave Bradford daily on receipt of mail from train due about 10:10 a. m., but not later than 12 m.; arrive in West Corinth in three and three-fourths hours.

These two schedules, if lived up to, do not vary the amount of mail taken to Corinth or West Corinth one season to the other. A north-bound mail train is scheduled to arrive in Bradford at 8:40 a. m.; the south-bound mail and Boston paper train is the one scheduled to arrive in Bradford at 10:07 a. m. and is the one referred to in the last corrected schedule and contains all the mail we could possibly get under the old schedule, as the train referred to in the old schedule above now has a schedule for its arrival in Bradford at 3:55 p. m. Station is about one mile from Bradford postoffice and it is an absolute impossibility for the mail from that train to get to postoffice, much more be changed and get on a stage that leaves at 4 p. m. in other words under the old schedule if lived up to, our carrier was staying and consequently the mail being held in Bradford from the time of the change of mail from the 10:07 train until 4 o'clock for absolutely no purpose. A change was necessary from the very nature of things either to make the carrier's schedule for the year as has been done in years before, only to get the small amount of letter mail and parcel post arriving on that particular north-bound train or to change so our mail could get to us in the short winter days in respectable and answerable season instead of 8:45 p. m.

If the winter season of 1921-22 or others wish to have it changed in the other direction we might delay until the 7:27 train arrives in Bradford or not later than 9 o'clock and make arrival in West Corinth at 10:45 a. m., making an all night job with no chance whatever for a reply by return mail. I have been postmaster here for, I think, 28 years and am perfectly willing and ready to assist in what I believe to be the good of our patrons and the service generally, but as one of the patrons, who, perhaps, receives more mail than any other patron on this route and being connected with the Orange County Telephone company as president for the past 20 odd years whose secretary and treasurer's office is located here and which company probably receives and sends ten times the amount of mail of any other person, family or otherwise, I feel that the letters running into the hundreds many days in the year (only a few days ago I sent them 1,337 reports). I am heartily in favor of present conditions, and believe any fair-minded person who carefully looks at the conditions will see it exactly the same. Kindly remember the change makes absolutely no change in the amount of mail you get and any change you make to get more simply forces it into the night at this end.

C. L. Speare, postmaster.

## STORM BROKE UP MANY HOUSES

At Least a Score of Families Were Driven Out

## OKLAHOMA TOWNS WERE HIT HARD

So Far As Known, There Were No Fatalities

Tulsa, Oklahoma, Jan. 5.—With at least a score of families homeless and several persons injured, several towns in this district were recovering to-day from a storm which yesterday swept through northeastern Oklahoma and reached into southeastern Kansas and southwestern Missouri.

Severe damage was reported in Miami, Commerce, McAlester, Turley, Picher, Muskogee and other Oklahoma towns. In Kansas the storm centered around Galena and Baxter Springs, Joplin Mo., also was hit. Communication in many places was discontinued and the extent of the damage could not be estimated accurately. No one is known, however, to have been killed or fatally injured.

## WELLS RIVER

The high school basketball team left Wednesday afternoon on a two-day trip to St. Johnsbury and Danville, playing St. Johnsbury vocational school at St. Johnsbury Wednesday night and Danville high school Thursday night, returning to Wells River Friday. It was the intention of the boys to play Hyde Park on Friday evening, going from there to Burlington where they were to be the guests of the University of Vermont over Saturday and Sunday and attend the basketball game between Middlebury and Vermont, at which they were to have been guests of the Vermont team, but owing to the cancelling of the Hyde Park game by Hyde Park on Tuesday it was found impossible to arrange another game for that night and the latter part of the trip had to be abandoned. The disappointment to the boys was great as they had looked forward to the Burlington visit as a little something out of the ordinary. However, Mr. French expects to be able to have the boys attend some of Dartmouth games at Hanover a little later in the season.

Mrs. French is spending the week visiting friends in Hyde Park where they were located until a year ago.

Edwin Hinman decided that the quickest way downstairs was to fall even though he was laboring under the weight of a good-sized stove. Landing at the bottom with the stove on top was not a difficult feat but to do so without injury was an impossible one. To-day Mr. Hinman is at home with a sprained shoulder, a face slightly cut and a couple of black eyes. An X-ray at the hospital yesterday did not show any broken bones, but a dislocation of the shoulder is a very sore thing.

Just to add to the confusion on Tuesday morning the top section of the boiler in the Buck block decided to come off with a loud explosion. After dumping the fire and allowing the steam to escape it was found that everyone was more scared than hurt. A week in the repair shop will make the boiler as good as ever.

## OLD LAW-MAKERS BACK.

Massachusetts Legislature Has Much Leftover Business.

Boston, Jan. 4.—The Massachusetts legislature with almost 400 measures referred from the last session awaiting action convened for its 143rd annual session to-day. For the first time, because of the biennial election law, the membership was the same as that of last year, and organization was expected to be virtually identical. A joint session of Senate and House was held to hear the annual message of Governor Channing Cox.

## Are You Running Down

and gradually losing your strength and vitality? Is your blood getting thin, and are you becoming nervous, and when you get up in the morning are you as tired as when you went to bed? These are symptoms of neurasthenia, and deranged stomach. The frequent causes of this condition are overwork and worry.

First of all you must set your stomach to rights, and correct the serious disturbances such as indigestion, constipation, and at the same time flush the kidneys and make the liver active. To accomplish this result—you cannot take a more reliable and better remedy than the good old standby SEVEN BARKS made from the extracts of roots and herbs. It has been recognized as a standard remedy for stomach, kidney and liver troubles for nearly 50 years.

There is hardly a family but what some member is more or less frequently troubled with biliousness, indigestion, liver or kidney trouble. If you have never tried SEVEN BARKS do not fail to do so, and watch the wonderful results.

Get at the root of all stomach troubles by driving all poisons out of your system for good. You can do this by taking nature's remedy, SEVEN BARKS. One bottle at a small cost will prove its value. Ask your nearest druggist for it to-day—adv.

## FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the skin is soothed and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store—adv.

## IS INCONSTITUTIONAL.

Proposed Statute to Enact Present Provisions of Volstead Act.

Boston, Jan. 4.—The supreme court to-day rendered an opinion to the legislature that a proposed statute which would not only enact the present provisions of the Volstead act in this state but would incorporate automatically in Massachusetts any changes in the federal measure, was unconstitutional. The legislature, in the opinion of the court, has no right to delegate to any one, not even the Congress of the United States, the right to legislate for Massachusetts.
